

Meet SkillMill: The World's Leading Skilled Trades Training Platform

Build a More Productive and Profitable Team

Our award-winning SkillMill platform offers always-on immersive training that creates job-ready skilled trades workers faster and easier than ever before.

Delivering 400+ hours of expert-led content and a comprehensive suite of measurement and engagement tools, SkillMill gives skilled trades businesses, educational institutions, and workforce development programs the tools to build and upskill a competent workforce in weeks, not years.

Enhance Skills and Drive Technician Performance

Interplay's SkillMill training applies the science behind how people learn best, equipping learners with both the knowledge and cognitive skills they need to solve problems in the moment.

Even better, we make it easy for you to administer and manage through one simple platform that gives you the tools you need to set your learners up for success. With Interplay's SkillMill, you can:

- Tap into expert-led videos, hands-on 3D simulations and VR for HVAC, CHVAC, Plumbing, Electrical, Multi-Family, Professional Development, Safety, and more--anywhere, anytime, and on any device.
- Improve your teams' troubleshooting and procedural diagnostics skills due to the deductive processes they learn from Interplay's unique learning approach.
- Gain an in-depth view of each learner's abilities, and identify gaps through skill assessments.
- Customize training to solve real problems by tapping into Learning Paths built to ramp and on-board, promote and upskill, and address problem areas, all in-house.
